

## Religious Education

At Thorntree Primary School we aim to provide a broad and balanced curriculum which promotes the spiritual, moral, cultural, mental and physical development of the pupils in the school and which prepares them for the opportunities, responsibilities and experiences of adult life.

Religious Education is part of the basic curriculum. As such it is an educational subject in its own right, taught against educational criteria.

We recognise that many of our children come from families with no particular religious belief and thus have little first-hand experience of Christianity or other major religions when they enter school. Throughout their time at Thorntree Primary School, children will cover issues that try to promote their understanding of the diverse and changing world that we live in.
