

**Thorntree Primary School
Calculation Policy
2016-2017**

In line with objectives from National Curriculum 2014

The Thorntree Primary School calculation policy is based on objectives from the 2014 National Curriculum for Maths.

The document is aimed to be progressive and allow teachers to teach written methods practically until pupils develop a secure understanding of the concepts.

The document is still a working document and subject to change.
